PROFESSIONAL EXPERIENCE

PlanetSpark — Gurugram

A B2C subscription marketplace (EdTech) connecting 150,000+ enrolled users with teachers via a shared LMS — spanning consumer app, two-sided platform, payments, CRM, renewals, and lifecycle products, with 30,000+ daily active users. Progressed across three roles while owning an expanding product surface.

Product Manager

Sep 2023 – Present

- Re-architected the sign-up → demo → enrolment funnel — single-step OTP, a preference-capture ranking model, and 6 API-integrated payment gateways with pre-filled links and auto-cleared approvals — enabling self-serve, plan-based purchase with no manual intervention.
- Own the full product suite — consumer app, student & teacher LMS, advisor CRM, renewal engine, and in-house AI layer — for a platform with 150,000+ enrolled users and 30,000+ daily active users, leading a cross-functional squad of 8 engineers and 2 QA from discovery to launch.
- Increased the share of enrolled users rating the product 5 out of 5 from 10% to 25% via onboarding and retention work: seamless onboarding, teacher PTMs and feedback, a one-page student-detail UI, a loyalty program, and the PSpark in-app wallet.
- Designed an in-product renewal engine (nudges, early-bird access, LMS free-trial classes, teacher-initiated renewals) that reduced assisted-renewal cost and generated ₹70L in product-led renewals in a single month (Jan 2025).
- Built an advisor-wise P&L tracker (weekly Net Revenue – Fixed, Refund, Marketing & Sales cost) whose visibility drove profitability interventions — profitable advisors rose from 50 to 100 in one month and to 125 over the next two.

Assistant Product Manager

Sep 2022 – Aug 2023

- Built the LPP (Learn, Practice, Perform) module — customized 1:1 sessions, group activities, and performance tasks — driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), and 50% higher revenue per class (₹600 → ₹900).
- Automated enrolment verification and incentive flows to 100% coverage and revamped the advisor CRM (lead navigation, calling, revenue & target tracking) — cutting operations workload 80% and saving ₹1.6L/month.
