

KSHITIZ YADAV

Product Manager | B2C Consumer Apps | Growth & Monetization | Two-Sided Platforms | AI-Enabled
Gurugram, India • +91 8756972501 • kshitizyadav788@gmail.com • linkedin.com/in/kshitizyadav

PROFESSIONAL SUMMARY

Product Manager with 5+ years defining product specifications and strategy, driving products from conception to release on schedule and within budget. Reviews design specifications and product documentation, communicates product strategy cross-functionally, and initiates relationships across engineering, design, and business teams to ensure successful, quality product releases. Ships production AI/LLM features and applies data-driven decision-making (SQL, Power BI, A/B testing) to move measurable outcomes: 20% revenue growth, 25% ARPU expansion, ₹70L in product-led renewals, and 2,000+ organic leads/month at 7% conversion.

PROFESSIONAL EXPERIENCE

PlanetSpark — Product Manager

Gurugram • Mar 2021 – Present

Own the full product suite of a B2C EdTech marketplace -- one of India's largest public speaking & creative writing platforms, connecting students and teachers via a shared LMS: consumer app, student & teacher LMS, sales CRM, product-led growth & renewal engine, and an in-house AI layer.

Product Specifications, Design Review & Release Management

- Defined product specifications and reviewed design specs for the sign-up → demo → enrolment funnel rebuild -- single-step OTP sign-in, a preference-capture ranking model, and vendor-integrated payment gateways (Razorpay, PayU, PayGlocal, PayPal, Bajaj) -- documenting requirements and driving the release on schedule.
- Initiated and fostered relationships across engineering, design, and business teams to lead the 0→1 release of a consumer app MVP in 2 months (Feb–Mar 2024: ~1% organic revenue, +10% engagement); built the Student LMS, raising course completion 15%.

Product Strategy, Quality & Business Priorities

- Built the LPP module against a defined product strategy -- validated and quality-tested via A/B testing -- driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), and 50% higher revenue per class (₹600 → ₹900).
- Designed an in-product renewal engine aligned to corporate revenue priorities, generating ₹70L in renewals in a single month; documented and communicated product strategy through market research and competitor analysis, launching organic acquisition loops that brought 2,000+ organic leads/month at a 7% conversion rate.

AI Product Development & Documentation

- Shipped a production GenAI layer and built "Demo Analysis," a self-customized in-house AI feature analyzing demo-session customer behavior to surface a customized course plan to the counselor for the sales conversation.
- Built multiple insight-driven Power BI dashboards (sourced from Metabase SQL queries) and product-performance documentation for Marketing, Sales, and Operations teams, ensuring quality releases based on business priorities.

CORE COMPETENCIES

Product Specifications & Strategy Definition • Design Review & Product Documentation • Cross-Functional & Interdepartmental Relationships • Product Release Management (Schedule & Budget) • Quality Ownership • Data-Driven Decision-Making (SQL, Power BI, A/B Testing) • AI/LLM Product Development

TECHNICAL SKILLS & TOOLS

- Data & Analytics:** SQL, GA4, MS Excel (Advanced), Python (basic)
- Design & Prototyping:** Figma, Adobe Express, Canva AI, wireframing, clickable prototypes
- Product & Delivery:** JIRA, Confluence, Agile/Scrum, RICE prioritization
- AI & Integration:** OpenAI / Gemini / Claude APIs, Prompt Engineering, REST APIs, NLP use-cases

EDUCATION

BBA — Chandigarh University, Chandigarh

2019 – 2021

Class XII (ISC), St. Thomas High School, Kanpur

2018

CERTIFICATIONS

- Product Management Certification — Udemy (2024)
- JIRA Certification — Udemy (2024)
