

KSHITIZ YADAV

Product Manager | B2C Consumer Apps | Growth & Monetization | Two-Sided Platforms | AI-Enabled
Gurugram, India • +91 8756972501 • kshitizyadav788@gmail.com • linkedin.com/in/kshitizyadav

PROFESSIONAL SUMMARY

Product Manager with 5+ years owning end-to-end product roadmaps for B2C platforms, translating complex business and stakeholder requirements into structured PRDs, user stories, workflows, and wireframes (Figma). Runs user research and customer-feedback-driven iteration, backed by data analysis (SQL, Power BI, Google Analytics/GA4) to define metrics and track performance. Partners closely with Technology teams for smooth, agile execution (JIRA/Confluence), moving core retention and revenue metrics: 20% revenue growth, 25% ARPU expansion, ₹70L in product-led renewals, and 2,000+ organic leads/month at 7% conversion -- while driving operational efficiency (80% lower sales-ops workload).

PROFESSIONAL EXPERIENCE

PlanetSpark — Product Manager

Gurugram • Mar 2021 – Present

Own the full product suite of a B2C EdTech startup -- one of India's largest public speaking & creative writing platforms: consumer app, student & teacher LMS, sales CRM, product-led growth & renewal engine, and an in-house AI layer.

Product Roadmap, Requirements & Stakeholder Execution

- Re-architected the sign-up → demo → enrolment funnel end-to-end -- single-step OTP sign-in, a preference-capture ranking model, vendor-integrated payment gateways (Razorpay, PayU, PayGlocal, PayPal, Bajaj), and auto-cleared parent approval -- translating business and stakeholder requirements into detailed PRDs, user stories, and workflows, partnering closely with the Technology team for smooth, agile execution (JIRA/Confluence).
- Designed prototypes and wireframes for the app, LMS, and CRM in Figma -- accelerating iteration into clickable flows that aligned engineering and stakeholders before build.

Revenue, Retention & Customer Feedback

- Built the LPP module, driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), and 50% higher revenue per class (₹600 → ₹900).
- Designed an in-product renewal engine (nudges, early-bird access, free-trial classes, teacher-initiated renewals) informed by user research and customer feedback to improve customer experience, lifting retention and generating ₹70L in renewals in a single month.
- Ran market research to stay ahead of market trends and competitor moves, launching organic acquisition loops that brought 2,000+ organic leads/month at a 7% conversion rate.

Metrics, BI & Operational Efficiency

- Built multiple insight-driven Power BI dashboards (sourced from Metabase SQL queries) to define metrics and track performance for cross-functional teams.
- Revamped the Sales CRM (lead navigation, integrated calling, revenue tracking, target-vs-achievement, incentive management) and automated incentive/enrolment verification, driving operational efficiency -- cutting sales-ops workload 80% and saving ₹1.6L/month.

CORE COMPETENCIES

Product Roadmap & Revenue/Retention Ownership • PRD, User Stories, Workflows & Wireframes (Figma) • User Research & Customer Feedback • Data Analysis (SQL, Power BI) & Metrics Tracking • Cross-Functional Execution with Technology Teams • Agile Methodologies & Product Management Tools (JIRA, Confluence) • Stakeholder Management • Operational Efficiency • Market Trend Analysis & Competitive Benchmarking

TECHNICAL SKILLS & TOOLS

- Data & Analytics:** SQL, GA4, MS Excel (Advanced), Python (basic)
- Design & Prototyping:** Figma, Adobe Express, Canva AI, wireframing, clickable prototypes
- Product & Delivery:** JIRA, Confluence, Agile/Scrum, RICE prioritization
- AI & Integration:** OpenAI / Gemini / Claude APIs, Prompt Engineering, REST APIs, NLP use-cases

EDUCATION

BBA — Chandigarh University, Chandigarh

2019 – 2021

Class XII (ISC), St. Thomas High School, Kanpur

2018

CERTIFICATIONS

- Product Management Certification — Udemy (2024)
- JIRA Certification — Udemy (2024)
