

KSHITIZ YADAV

Product Manager | Product Vision, Strategy & Multi-Release Roadmap | Discovery, GTM & Pricing | Adoption, Revenue & Profitability KPIs | Data-Driven, AI-Enabled
Gurugram, India • +91 8756972501 • kshitizyadav788@gmail.com • linkedin.com/in/kshitizyadav

PROFESSIONAL SUMMARY

Product Manager with 5+ years owning the full product lifecycle — vision, strategy, multi-release roadmap, and business outcomes — across consumer, marketplace, and internal enterprise platform and CRM systems. Grounds decisions in market research, competitive analysis, customer discovery, and data; translates goals into PRDs, user stories, and a prioritized backlog; and partners across engineering, design, data, sales, marketing, and finance to ship, launch, and grow. Drives adoption and commercial impact — 20% revenue growth, 25% ARPU expansion, and profitability visibility via a counselor-wise P&L tracker.

PROFESSIONAL EXPERIENCE

PlanetSpark — Product Manager

Gurugram • Mar 2021 – Present

Own the end-to-end product lifecycle of a consumer EdTech marketplace connecting students and teachers via a shared LMS — consumer app, LMS, sales CRM, product-led growth & renewal engine, and an in-house AI layer — partnering across engineering, design, data, sales, marketing, and finance.

Growth & Monetization

- Built the LPP (Learn, Practice, Perform) module — customized 1:1 sessions, group activities, and performance tasks — driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), and 50% higher revenue per class (₹600 → ₹900).
- Designed an in-product renewal engine (nudges, early-bird access, LMS free-trial classes, teacher-initiated renewals) that lowered sales cost and generated ₹70L in renewals in a single month (Jan 2025).
- Launched organic acquisition loops surfacing student progress (Sparkline, Word Wisdom, practice classes, workshops) across social channels, bringing 2,000+ organic leads/month at a 7% conversion rate.
- Built a counselor-wise P&L tracker computing weekly profitability per sales counselor (Net Revenue – Fixed, Refund, Marketing & Sales cost), giving each counselor the revenue figure needed to turn profitable — putting unit-economics visibility in the hands of the front line.

Funnel & Platform (0→1)

- Re-architected the sign-up → demo → enrolment funnel: single-step OTP sign-in (replacing a two-step create-then-login flow), a preference-capture ranking model that surfaces best-fit courses during the counselor VC, 6 API-integrated payment gateways with pre-filled links, and auto-cleared parent-approval on payment — reducing drop-off across the sign-up, payment, and enrolment stages.
- Led the 0→1 launch of the consumer app MVP in 2 months (Feb–Mar 2024: ~1% organic revenue, +10% engagement); built the Student LMS (live classes, feedback reports, PTMs, in-house meeting room), raising course completion 15% and improving NPS.

AI, Design & Automation

- Designed prototypes and MVP interfaces for the app, LMS, and CRM in Figma, Adobe Express, and Canva AI — using Gemini, Claude, ChatGPT, and Codex to accelerate iteration into clickable flows that aligned engineering and stakeholders before build.
- Shipped a production GenAI layer (speech/text learning with contextual, age-appropriate responses) and a support chatbot that cut escalations; revamped the Sales CRM (lead navigation, integrated calling, revenue tracking, target-vs-achievement, incentive management), cutting sales-ops workload 80%.
- Automated incentive flows and enrolment verification (100% coverage), saving ₹1.6L/month and eliminating fake-revenue reporting.

CORE COMPETENCIES

Product Vision, Strategy & Multi-Release Roadmap • Market Research, Competitive Analysis, Customer Discovery & Data Analysis • PRDs, User Stories, Acceptance Criteria & Product Requirements • Backlog Prioritization (Value, Commercial Impact, Feasibility, Risk, Dependencies) • Cross-Functional Delivery (Engineering, Design, Data, Sales, Marketing, Finance) • GTM (Go-to-Market): Launch Readiness, Positioning, Pricing & Sales Enablement • Adoption & Product KPIs (Revenue, Profitability, CSAT, Business Value & Impact) • Product Lifecycle (Discovery → EOL) • Stakeholder Influence & Management • Product Management Standards & Playbooks

TECHNICAL SKILLS & TOOLS

- Data & Analytics:** SQL, GA4, Power BI, A/B testing, MS Excel (Advanced), Python (basic)
- Product & Delivery:** PRDs, user stories, acceptance criteria, roadmapping, RICE prioritization, GTM, JIRA, Confluence, Agile/Scrum
- AI & Integration:** OpenAI / Gemini / Claude APIs, Prompt Engineering, REST APIs, NLP use-cases
- Design & Prototyping:** Figma, Adobe Express, Canva AI, wireframing, clickable prototypes

EDUCATION

BBA — Chandigarh University, Chandigarh

2019 – 2021

Class XII (ISC), St. Thomas High School, Kanpur

2018

CERTIFICATIONS

- Product Management Certification — Udemy (2024) • JIRA Certification — Udemy (2024)
