

KSHITIZ YADAV

Product Manager | Two-Sided Marketplace (Partner + Consumer) | Conversions, Pricing & Personalization | Data-Driven | Gurugram

Gurugram, India • +91 8756972501 • kshitizyadav788@gmail.com • linkedin.com/in/kshitizyadav

PROFESSIONAL SUMMARY

Product Manager with 5+ years building high-impact products for a two-sided marketplace — connecting supply-side partners (teachers) and consumers (students) — in a consumer-facing, technology-enabled business, based in Gurugram. Owns product vision, strategy, and roadmap, translating partner and customer insights into scalable solutions that improve user experience, conversions, and pricing. Data-driven and customer-centric, with hands-on analytics (SQL, GA4, Power BI), A/B testing, and cross-functional delivery across tech, design, finance, and operations — with a record of 20% revenue growth, 25% ARPU expansion, ₹70L in product-led renewals, and 2,000+ organic leads/month at 7% conversion.

PROFESSIONAL EXPERIENCE

PlanetSpark — Product Manager

Gurugram • Mar 2021 – Present

Own the full product suite of a B2C EdTech marketplace -- one of India's largest public speaking & creative writing platforms, connecting students and teachers via a shared LMS: consumer app, student & teacher LMS, sales CRM, product-led growth & renewal engine, and an in-house AI layer.

Two-Sided Marketplace: Partner & Consumer (host + consumer analog)

- Own products across a two-sided marketplace connecting supply-side partners (teachers) and consumers (students): built partner-side tools — payout and current-payout visibility, demo-performance and demo-to-enrolment conversion analysis — and the consumer journey (discovery, live classes, feedback, progress), improving partner success and consumer experience.
- Re-architected the sign-up → discovery → payment → enrolment funnel (single-step OTP, a preference-capture ranking model that personalizes best-fit options, 6 API-integrated payment gateways) — improving conversions across the consumer and host journey.

Growth, Pricing & Monetization

- Built the LPP module and an in-product renewal engine driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), 50% higher revenue per class via pricing (₹600 → ₹900), and ₹70L in renewals in a single month.
- Launched organic acquisition and visibility loops surfacing partner and consumer progress across channels, bringing 2,000+ organic leads/month at a 7% conversion rate; ran market research and competitive benchmarking to shape product propositions.

Data, KPIs & Cross-Functional Execution

- Owned and tracked product KPIs via insight-driven Power BI and SQL / GA4 dashboards, analyzing performance continuously and iterating post-launch to strengthen adoption and experience.
- Shipped a production GenAI layer and "Demo Analysis" (AI sales enablement), collaborating with tech, design, finance, and operations to deliver scalable, differentiated user experiences with data-driven, structured problem solving.

CORE COMPETENCIES

Product Vision, Strategy & Roadmap • Two-Sided Marketplace (Partner + Consumer) • Conversion & Funnel Optimization • Pricing & Monetization • Partner Visibility & Growth Tools • Personalization & Ranking • Payments • KPI Ownership & Post-Launch Iteration • Market Research & Competitive Benchmarking • Analytical & Data-Driven Problem Solving (SQL, GA4, Power BI) • Customer Centricity & User Experience • Stakeholder Management & Cross-Functional Execution (Tech, Design, Finance, Ops) • A/B Testing • Scalable Product Delivery

TECHNICAL SKILLS & TOOLS

- Data & Analytics:** SQL, GA4, Power BI, MS Excel (Advanced), Python (basic)
- Design & Prototyping:** Figma, Adobe Express, Canva AI, wireframing, clickable prototypes
- Product & Delivery:** JIRA, Confluence, Agile/Scrum, RICE prioritization
- AI & Integration:** OpenAI / Gemini / Claude APIs, Prompt Engineering, REST APIs, NLP use-cases

EDUCATION

BBA — Chandigarh University, Chandigarh

2019 – 2021

Class XII (ISC), St. Thomas High School, Kanpur

2018
