PROFESSIONAL SUMMARY

Product Manager with 5+ years owning product roadmap, PRDs, and end-to-end delivery across a consumer platform and the agent-facing systems that run its operations. Revamped a Sales CRM used daily by counseling agents - lead navigation, integrated calling, revenue tracking, target-vs-achievement, and incentive management - cutting operations workload 80%, and built an omnichannel customer-communication system across calling, WhatsApp, email, and chatbot. Data-driven (SQL, Google Analytics, Power BI) and agile/sprint-led, with hands-on payments integration and verification/trust flows. Writes comprehensive PRDs with detailed acceptance criteria spanning functional, non-functional, and security requirements, and presents roadmap, progress, and risks with mitigation plans to leadership.

PROFESSIONAL EXPERIENCE

PlanetSpark — Product Manager

Gurugram • Mar 2021 – Present

Own the full product suite of a B2C EdTech marketplace -- one of India's largest public speaking & creative writing platforms, connecting students and teachers via a shared LMS: consumer app, student & teacher LMS, sales CRM, product-led growth & renewal engine, and an in-house AI layer.

Agent-Facing CRM, Omnichannel Communication & Automation

- Revamped the Sales CRM used daily by counseling agents - lead navigation, integrated calling (Exotel, Servetel, Tata Tele), revenue tracking, target-vs-achievement, and incentive management - cutting sales-operations workload 80%.
- Built an omnichannel customer-communication system consolidating calling, WhatsApp (Gupshup, Venera Connect), email, and in-platform chatbot into a single helpdesk; automated backend revenue-punching (manual 100% to 2%) and enrolment verification (100% coverage), saving Rs 1.6L/month.

Roadmap, PRDs & Delivery

- Own the product roadmap and write comprehensive PRDs with detailed acceptance criteria covering functional, non-functional, security, and verification requirements; present roadmap, progress, and risks with mitigation plans to leadership and stakeholders.
- Deliver in Agile/Scrum with sprint execution across engineering, design, sales, and marketing; led 0-1 launches including a consumer app MVP in 2 months, owning go-to-market and adoption.

Data, Trust & Commercial Impact

- Analyze performance with SQL, Google Analytics, and Power BI dashboards - funnel drop-off, lead-source attribution, and business metrics - and combine customer feedback with market research and competitive analysis to identify high-impact opportunities.
- Built a customer verification flow that reduced fake sales from 10% to 1%, and designed intuitive user journeys and monetization/renewal engines driving 20% revenue growth, 25% ARPU expansion, and Rs 70L in renewals in a single month.
