- Own the full product suite — consumer app, student & teacher LMS, advisor CRM, renewal engine, and in-house AI layer — for a platform with 150,000+ enrolled users and 30,000+ daily active users, leading a cross-functional squad of 8 engineers and 2 QA from discovery to launch.

- Increased the share of enrolled users rating the product 5 out of 5 from 10% to 25% via onboarding and retention work: seamless onboarding, teacher PTMs and feedback, a one-page student-detail UI, a loyalty program, and the PSpark in-app wallet.
