PROFESSIONAL EXPERIENCE

PlanetSpark — Gurugram

A B2C subscription marketplace (EdTech) connecting 150,000+ enrolled users with teachers via a shared LMS — spanning consumer app, two-sided platform, payments, CRM, renewals, and lifecycle products, with 30,000+ daily active users. Progressed across three roles while owning an expanding product surface.

Product Manager

Sep 2023 – Present

- Own product strategy, prioritization, and delivery across partner-facing tools, content catalog, CRM, renewal, and customer-support products serving 150,000+ enrolled users and 30,000+ daily active users.
- Built a grade- and course-wise content catalog and automated catalog generation with AI, reducing manual content operations and accelerating the launch of new offerings.
- Consolidated customer support across LMS, email, WhatsApp, and in-product chat into one helpdesk with a RAG-based assistant, reducing first-response time from four minutes to under ten seconds and monthly escalations from ~300 to under 50.
- Designed a product-led renewal and promotion engine (early-access offers, nudges, trial experiences) that generated Rs 70L in renewals in a single month.
- Built an advisor-level unit-economics and profitability platform that increased profitable advisors from ~50 to 100 in one month and to 125 over the next two.

Assistant Product Manager

Sep 2022 – Aug 2023

- Rebuilt the teacher-facing partner platform with onboarding, payout automation, accurate payout summaries, and consolidated visibility into schedules and performance — increasing partner NPS from -20 to +40.
- Automated customer enrolment verification and incentive workflows while improving CRM navigation, calling, and revenue tracking — reducing operational workload 80% and saving ~Rs 1.6L/month.

Senior Product Analyst

Mar 2021 – Aug 2022

- Implemented customer and transaction-verification controls that reduced invalid or fraudulent transactions from ~10% to 1% while keeping the flow self-service and low-touch.
- Built SQL and Power BI dashboards (from Metabase data) giving marketing, sales, and operations teams self-service visibility into performance, revenue, and fulfilment metrics.
