

KSHITIZ YADAV

AI Product Manager | Ships AI-Powered Features End-to-End (LLMs / Claude) | Assistants, Recommendations & Workflow Automation
| Engineering-Ready PRDs · Data-Driven, Ship-Fast

Gurugram, India • +91 8756972501 • kshitizyadav788@gmail.com • linkedin.com/in/kshitizyadav

20% Revenue Growth • 25% ARPU Expansion (₹35K → ₹45K) • ₹70L Renewals in a Single Month • 80% Lower Ops Workload

PROFESSIONAL SUMMARY

AI Product Manager with 5+ years owning AI-powered features end-to-end across consumer (B2C) and internal/B2B platforms — from first insight to shipped product. Builds shoulder-to-shoulder with engineering using LLMs (Claude, OpenAI, Gemini) and Claude Code, authors engineering-ready PRDs, specs, user stories, and acceptance criteria, and lets data, not opinions, decide what ships (success metrics, experiments, A/B tests). Talks directly to users and turns it into product decisions. Shipped a production GenAI layer and a RAG assistant; delivered 20% revenue growth and ₹70L in product-led renewals.

CORE COMPETENCIES

AI-Powered Features End-to-End · LLM Products (Claude, OpenAI, Gemini) & Claude Code · Assistants / Chatbots (RAG) · Recommendation Engines & Ranking · Workflow Automation · Engineering-Ready PRDs, Specs, User Stories & Acceptance Criteria · Prompt Engineering & LLM-Feature Evaluation · User Research & Customer Discovery · Success Metrics, Experiments & A/B Testing · Data-Driven Decisions · Decision & Trade-off Documentation · Product Management (B2B/B2C) · Cross-Functional (Leadership, Design, Data Science, Engineering) · Bias for Execution / Self-Starter · Excellent Written & Verbal Communication

PROFESSIONAL EXPERIENCE

PlanetSpark — Gurugram

A B2C subscription marketplace (EdTech) connecting 150,000+ enrolled users with teachers via a shared LMS — spanning consumer app, two-sided platform, payments, CRM, renewals, and lifecycle products, with 30,000+ daily active users. Progressed across three roles while owning an expanding product surface.

Product Manager

Sep 2023 – Present

- Shipped a production GenAI learning layer (age-appropriate speech/text responses) and a RAG-based support chatbot — cutting first-response time from 4 minutes to under 10 seconds and monthly escalations from ~300 to under 50 within three months.
- Ship minor and mid-level product features using AI-assisted development (Claude Code) — scoping, implementing, and testing changes, and raising merge requests for engineering review.
- Re-architected the sign-up → demo → enrolment funnel — single-step OTP, a preference-capture ranking model, and 6 API-integrated payment gateways with pre-filled links and auto-cleared approvals — enabling self-serve, plan-based purchase with no manual intervention.
- Own the full product suite — consumer app, student & teacher LMS, advisor CRM, renewal engine, and in-house AI layer — for a platform with 150,000+ enrolled users and 30,000+ daily active users, leading a cross-functional squad of 8 engineers and 2 QA from discovery to launch.
- Designed an in-product renewal engine (nudges, early-bird access, LMS free-trial classes, teacher-initiated renewals) that reduced assisted-renewal cost and generated ₹70L in product-led renewals in a single month (Jan 2025).

Assistant Product Manager

Sep 2022 – Aug 2023

- Automated enrolment verification and incentive flows to 100% coverage and revamped the advisor CRM (lead navigation, calling, revenue & target tracking) — cutting operations workload 80% and saving ₹1.6L/month.
- Built the LPP (Learn, Practice, Perform) module — customized 1:1 sessions, group activities, and performance tasks — driving 20% revenue growth, 25% ARPU expansion (₹35K → ₹45K), and 50% higher revenue per class (₹600 → ₹900).

Senior Product Analyst

Mar 2021 – Aug 2022

- Developed SQL and Power BI reporting across growth, revenue, and operations; improved weekly revenue accuracy and created a data foundation for product and commercial decisions.

TECHNICAL SKILLS & TOOLS

- AI & LLMs:** Claude / OpenAI / Gemini APIs, Claude Code, Prompt Engineering, RAG, LLM-feature evaluation, NLP, REST APIs
- Product & Delivery:** Engineering-ready PRDs, specs, user stories & acceptance criteria, roadmap, RICE, JIRA, Confluence, Agile/Scrum, Figma
- Data & Experiments:** SQL, GA4, Power BI, A/B testing/experiments, success metrics, user research, MS Excel (Advanced), Python (basic)

EDUCATION & CERTIFICATIONS

BBA — Chandigarh University, Chandigarh

2018 – 2021

Product Management Certification — Udemy (2024) • JIRA Certification — Udemy (2024)
