PROFESSIONAL SUMMARY

Product Manager with 5+ years owning a two-sided marketplace end-to-end — both the supply side (partner/teacher onboarding, listing, payouts, data) and the demand side (search, best-fit matching, self-serve conversion). Builds 0→1 with high agency and tight engineering feedback loops, grounds decisions in direct user conversations, and ties product decisions to revenue. Runs growth funnels — organic/content-led acquisition loops, activation, and retention — and tracks metrics across both sides. Comfortable with ambiguity and category-defining work. Delivered 20% revenue growth, ₹70L in product-led renewals, and lifted the 5/5 rating share from 10% to 25%.

PROFESSIONAL EXPERIENCE

PlanetSpark — Gurugram

A B2C subscription marketplace (EdTech) connecting 150,000+ enrolled users with teachers via a shared LMS — spanning consumer app, two-sided platform, payments, CRM, renewals, and lifecycle products, with 30,000+ daily active users. Progressed across three roles while owning an expanding product surface.

Product Manager

Sep 2023 – Present

- Re-architected the sign-up → demo → enrolment funnel — single-step OTP, a preference-capture ranking model, and 6 API-integrated payment gateways with pre-filled links and auto-cleared approvals — enabling self-serve, plan-based purchase with no manual intervention.
- Own the full product suite — consumer app, student & teacher LMS, advisor CRM, renewal engine, and in-house AI layer — for a platform with 150,000+ enrolled users and 30,000+ daily active users, leading a cross-functional squad of 8 engineers and 2 QA from discovery to launch.
- Increased the share of enrolled users rating the product 5 out of 5 from 10% to 25% via onboarding and retention work: seamless onboarding, teacher PTMs and feedback, a one-page student-detail UI, a loyalty program, and the PSpark in-app wallet.
- Designed an in-product renewal engine (nudges, early-bird access, LMS free-trial classes, teacher-initiated renewals) that reduced assisted-renewal cost and generated ₹70L in product-led renewals in a single month (Jan 2025).
